DIPLOMAT ON HIS WAY HERE

Believed to be on his way to the Hawaiian Islands and to the Far East on a mission that will have much to do with the labor situation, a high official in the Mexican government, and member of the diplomatic corps, is reported as a passenger in the Japanese steamer Kiyo Maru that is to arrive at Honolulu on or about noon tomorrow, from Central and South American ports.

Don Luis Pardo, who ranks high in the executive councils of the republic will in all probability confine his visit to the Hawaiian Islands, to the length of time that his steamer remains at the port of Honolulu, where

a thousand tons of nitrates is to be discharged.
The Kiyo Maru will be placed in quarantine immediately upon arrival on the port tomorrow. The freighter is to receive a thorough fumigation before being permitted to come to a berth at the Hackfeld wharf. It is the present intention of Castle and Cooke, the local representatives for the vessel to dispatch the Kiyo Maru for Japan and China ports on or about Monday evening.

BORN.

FAIRWEATHER. To Dr. and Mrs. Norman Fairweather, a girl baby, still born, Dec. 8.

There will be a regular meeting of Waiata, Kaimuki and Palolo Improvement Club at Liliuokalani school assembly hall, on Thursday evening, Dec. 19, at 7:30 o'clock. A full attendance of the residents of the district is desired. Business: General club house and election of officers.

STRINGENT LAWS AGAINST VICE PLANNED

Voicing unanimously the sentiment that some radical changes must be made in the present laws relating to decency and order, the committee appointed by Bishop Restarick as the result of the Bijou mass meeting on Sunday, December 1, held its first meeting yesterday afternoon at the parish house, St. Andrew's Cathedral. A temporary organization was formed with A. Lewis, Jr., as chairman and Riley H. Allen as secretary, and a special committee of three on permanent organization was appointed by Mr. Lewis. The organization committee consists of F. C. Atherton, chairman, John H. Wise and R. O. Matheson.

Whether or not the committee will provide for a permanent body in Honolulu to take an unofficial but active interest in law enforcement and particularly in enforcing the laws relating to crime against women and girls, is to be discussed by the special organization committee and recommendations made to the general committee.

A meeting of the general committee is called for eight o'clock next Tuesday evening at the parish house at which the report of the organization committee will be received. Every member of the committee present yesterday is prepared for two months of hard work to be ready for the opening of the legislature so that amendments to present laws or new laws may be proposed and backed up by argument before the legislature or its committees. Within a few days there will be conferences called with members of the police department, county and territorial legal departments, with all officers of the law whose duties bring them into contact with conditions the committee is trying to check, and with social workers of all organizations. The idea is to secure as early as possible definite data on which to base amendments to existing laws.

While nothing definite was taken up yesterday in this line, it is suggested that the present curfew law must either be more fully and consistently enforced or the law strengthened, and that some plan must be devised for keeping young girls out of coffee-saloons and pool-shops when unaccompanied by parents or guardians.

Mrs. J. R. Galt, Mrs. F. W. Macfarlane and Miss Ida Pope of Kamehameha schools, who were among the members of the committee present yesterday, are already at work making investigations of conditions or plans from data they already have in their possession.

It is probable that the committee will be enlarged, and in particular, it is desired to have at least one representative of the military as a member of the committee to add his practical experience and his point of view to the committee's deliberations.

KOLOA SUGAR OUTPUT DIRECT TO MAINLAND

Arrangements have been perfected between H. Hackfeld & Co., and Alexander & Baldwin, agents for the McBryde Sugar Company, whereby the output of the Koloa plantation, adjoining the McBryde plantation on Kauai, will be handled by the American-Hawaiian Steamship line, the sugar being loaded on the ocean going vessels at Port Allen.

The Koloa is a 7,500 ton plantation, and its sugar heretofore has been handled by the Inter-Island vessels, bringing the cargo to Honolulu, where it was re-shipped on the larger vessels bound for the Pacific or Atlantic coasts. Under the new arrangement the sugar will be transferred direct by rail from the plantation mill to Port Allen, loaded on the big ships and sent direct to the mainland, thus effecting a large saving for the producers.

DAMIEN COUNCIL ELECTS

Damien Council, No. 563, Y. M. I., at its regular meeting held Wednesday evening last elected the following officers to serve for the next ensuing term: President, Henry P. O'Sullivan; 1st vice-president, Nicholas K. Hoppi; 2nd vice-president, Thomas Lynch; recording and corresponding secretary, Alfred J. Thevenin; financial secretary, Eli J. Crawford; treasurer, Father Valentin; marshal, William Perry; inside sentinel, Abraham F. Cairns; outside sentinel, Manuel Botelho; chaplain, Father Valentin; executive committee, James J. Sullivan, William K. Simerson, Albert S. Downey; medical examiner, Dr. George F. Straub.

NEW CHURCH OFFICERS.

At a meeting last night in the Christian Church on Alakea street, of which Rev. D. C. Peters is pastor, the election of certain new officers to fill the places of those whose terms have expired, was the principal item of business. G. H. Tuttle was re-elected as treasurer of the congregation, and Ed Snyder was elected as clerk. J. N. Taggard was elected as elder and trustee to fill the unexpired term of W. C. Weedon, deceased. Another meeting has been called for the second Wednesday in January, at which time reports will be read and other matters of a business nature discussed.

BUSINESS ITEMS

Judge Ballou, E. E. Paxton and W. F. Dillingham will be the delegates of the Honolulu Chamber of Commerce to the Chamber of Commerce of the United States to meet in Washington on January 23.

Rev. H. Mason of New Zealand indicated to Cecil Brown, without the diving rod, where water ought to be found on Lanai. One place is between the ranch house and Maunaloa and another in a grove of kukui trees. He showed Mr. Brown, after pointing out the places, how a guava

The New HUDSON "37" Touring Car--5 Passenger Furnished Complete---No Extras to buy

Beware of the Car Made for Trading

Get a fair price for your old car. But don't demand anything unreasonable or you will pay for it in unsatisfactory quality and poor service in the new car

If you are trading your old automobile in on a new one, here is a caution you should observe.

There are cars toward the purchase of which a larger price will be allowed for your present automobile than you can obtain in buying a more desirable automobile.

It is better to decide upon which car you will prefer. Satisfy yourself that it is the best buy at a CASH price, and that it is the one you would choose if you were paying cash. Then if you are selling your old car, obtain the best bargain possible.

But do not accept merely for the sake of a change in cars, an

automobile that you do not consider advisable at a cash price. HUDSONS are not made to trade.

HUDSON automobiles "second-hand" command a higher price proportionate to their original cost than those of any other make in the medium price class.

They are not sold to the dealer at a large discount, thus permitting him to make an extra allowance for old cars. No more profit on the HUDSON is allowed than that given on most automobiles at similar price.

The quality of the car is to be depended upon to make the sale, not the inducement of price. That

is why 48 engineers are regularly employed by the Hudson Motor Car Company in designing HUDSON automobiles.

The HUDSON shows what all these men working in unison know.

They gained their knowledge of motor car building in 97 well-known American and European factories. They had a hand in building more than 300,000 cars. No restrictions were put upon them in building the New HUDSONS. The highest quality was sought for and obtained. Price was not fixed.

Electric Self-Cranking---Electrically Lighted

THEY ARE COMPLETELY EQUIPPED.

They are electric self-cranking, are electric lighted and have every detail of equipment including speedometer, clock, demountable rims, rain vision windshield, tools, etc.

There are two models, HUDSON cars are furnished in two chassis—the "37," a four-cylinder, and the "54," a six.

The equipment is identical in other cars, consisting of an electric cranking device, electric lighting

generator and ignition system, known as the DeLeo Patented.

The equipment is complete in every respect including top, rain vision windshield, demountable rims, speedometer, clock, tools, etc.

The "37" has a 118-inch wheel base. The "54" has a 127-inch wheel base.

They are furnished in either Five-Passenger Touring Car, Torpedo or Roadster body. The "37" sells at \$1875—the "54" at \$2450, l. o. b. Detroit.

The "54" with Seven Passenger body is \$2600.

See the Triangle on the Radiator.

twig was affected on being held over the places. Mr. Brown himself proved a good medium in divining the hidden moist places with the twig. Mr. Mason does not take pay for his "witching" of water, but was induced by H. M. von Holt to come here on a vacation from New Zealand, where his gift has earned him a high reputation.

close, when prices rallied somewhat. At the height of the liquidation the break in Union Pacific reached eight points, Reading six, American Tobacco five, Canadian Pacific four and a half, Lehigh Valley 3 1/2, Amalgamated Copper 3 1/2 and Steel 2 1/2.

Hawaiian stocks in San Francisco yesterday closed as follows: Hawaiian Commercial, 32 bid, 34.25 asked; Hawaiian Sugar, 33.50 bid, 36 asked; Honokaa, 7 bid, 9.25 asked; Hutchinson, 16 bid, 16.50 asked; Kilauea, 12 bid; Onomea, 32.50 asked; Paauhau, 18.25 bid; Union, 32 asked.

The new York market report by wireless from San Francisco still has centrifugals at 4.95 cents, although the cable reported a break below four as long ago as last Monday.

E. I. Spalding, F. C. Atherton and E. D. Tenney have been appointed by President Bishop as representatives of the Chamber of Commerce to serve on the joint committee on amalgamation of commercial bodies. J. P. Cooke, J. R. Galt and J. W. Waldron have been appointed the chamber's members of the governor's municipal charter committee.
